ACCREDITATIONS

Comprehensive quality management system in compliance with ISO 9001:2008

Confoil's comprehensive quality management system encompasses all aspects of our administration, manufacturing, distribution and sales activities for consistent product and service quality.

Certification: AS/NZS ISO 9001:2008 standard

Certificate: QEC 3132

Certified: 9/12/93 by SAI Global

Clean, HACCP controlled environment

HACCP compliant packaging is essential for food manufacturers working within food safety parameters. Confoils HACCP certification details are:

Certification: Codex HACCP & GMP

Certificate: HCV00278

Certified: 13/11/00 by SAI Global.

Confoil aluminium foil containers and Dualpak paperboard trays can be recycled.

We have launched several recycling campaigns in partnership with users to close the loop and reclaim as many materials as possible.

Every year, Confoil formally revisits plans for continuous improvement in its environmental performance through education and community awareness programs, product development and design, recycling and disposal, and warehouse and distribution efficiencies.

Outcomes have minimised Confoil's environmental footprint and have been recognised by industry, with our Australian Packaging Covenant Action Plan earning a silver award from the Packaging Council of Australia.

Confoil is a member of the Packaging Council of Australia and a proud signatory of the Australian Packaging Covenant.

**A signatory to the
Australian Packaging Covenant**

Ordering at your convenience....

Online ordering what you want, when you want just became easier with Confoil's easy online ordering system.

Setting up a Trade Account

If you intend to purchase from us regularly you will need to set up a Trade Account, to do this simply click on the contact us form and fill in the details and we will send you a trade account application form. Once complete your user name and password will be sent to you.

Once set up you can order in one of three ways:

- Call us on **0800 107 620** and place an order with one of our customer services team;
- Fax your order to your local branch (see the contents page for fax details)
- Visit our website **www.confoil.co.nz** and login using your trade account details and you can begin ordering online at the click of a button!

One off Purchases

If you wish to make the occasional purchase there's no need to create an account. Just add the items to your shopping cart, go to 'View Basket' and select 'Checkout' when you have completed your order, you are able to pay via your credit card or PayPal account.

Helpful hints

You can login to view previous orders that you have placed online.

Stay up to date with new products and specials by registering for our newsletter.

CUSTOM SOLUTIONS

Many of Confoil's products can be custom printed to increase your branding and help you stand out from the crowd! The printing is able to be single or multi coloured, with a random or registered print depending on the application.

While often considered expensive, there are many ways to create a custom product that fits into your budget, start with a single colour logo or design which will allow you to increase your brand awareness among customers while keeping your budget in check.

We are not limited to parchment muffin wraps and Dualpak paperboard products; our aluminium foil trays and pop up sheets can also be printed with a company colour, logo or cooking instructions.

Using a block colour print on a tray or a pop up foil can help you easily identify the type of meal it contains; vegetarian, gluten free, seafood etc.

With industry knowledge and support that only a manufacturer can offer we are able to help you create a custom packaging design, refine your existing containers, or guide you through the packaging options for your product, our Confoil technicians are at hand to provide expert help.

SIZE INDEX

Our aluminium foil containers, smoothwall trays, and Dualpak meal trays are broken down into their series and listed by their outer dimensions in ascending order.

SMOOTHWALL

Our smoothwall trays are manufactured from heavy gauge aluminium with a smooth flange to accommodate a heat sealed lid. They are perfect for roasted meat products, vegetables, lasagne, pies or macaroni cheese. The trays come in a range of sizes and are available in either a shallow or deep tray.

VEGETABLE PARCHMENT

Our vegetable parchment baking dishes are compostable, biodegradable and made from 100% genuine parchment. They hold their shape during the cooking process and the siliconised coating means the food releases easily. The dishes have a rolled edge which makes them suitable for production lines, and being a parchment ideal for metal detection.

DUALPAK

The Dualpak range is made from paperboard which makes the tray a natural insulator and helps keep the heat inside. The trays are available in a range of standard colours or they can be printed with your own design. Matching clip on lids can be used with these trays or you can team them up with a heat sealing machine and film.

OLIVER PRODUCTS

The single or multi cavity Oliver paperboard trays can be used in either the oven or microwave. The multi compartment trays allow for foods to remain separate and the polyester film lining provides a liquid barrier. The Oliver trays are able to be teamed up with a heat sealing machine and film.

Oliver 1208 hand operated sealing machine

The 1208 sealing machine is a lightweight and compact machine perfectly sized for countertop applications.

Suitable for kitchen producing up to 75 meals per day, this machine features easy to change tray carriers and a manual film cutting system.

- When space is at a premium, the 1208 machine is the ideal choice.
- Manually operated, seals approx. 4-6 packages per minute.
- Uses continuous film rolls.
- Seals and cuts film in two easy steps.
- Self-aligning heated platen ensures a complete and even seal.
- Lightweight and compact design.
- Easy to clean and hygienic, constructed from stainless steel and durable plastic.
- Simple to operate.

Oliver 1808 automated sealing machine

The 1808 machine is a conveyerised, electronic automated sealing machine.

Suitable for kitchens producing up to 800 meals per day, this machine features easy to change tray carriers and a rotary knife blade system.

- Variable speed conveyor, packs between 5-27 trays per minute.
- Uses continuous film rolls, unprinted or random print repeats.
- Automatic discharge of sealed trays with adjustable discharge shelf utilising a Lexan safety guard.
- Cylindrical sealing mechanism ensures complete and even sealing of film to tray.
- Lockable castors allow for easy movement.
- Easy to clean and hygienic, constructed from stainless steel and anodized aluminium.
